PROFESSIONAL SUMMARY

Computer Science student at the University of Ibadan and self-taught front-end developer with hands-on experience building client and personal web projects and contributing UI/UX design to a hackathon product. Aiming to grow into a hybrid developer/copywriter who can design and ship complete products independently.

EDUCATION

University of Ibadan *2025 – 2030*
B.Sc. Computer Science (200 Level)

- Relevant coursework: Human-Computer Interaction, Systems Analysis and Design; working toward a first-class degree

SKILLS

Languages & Tools: HTML, CSS, JavaScript (basic), Git & GitHub, GitHub Pages, Vercel
Frameworks/Libraries: Tailwind CSS, Node.js, Supabase
Other: UI/UX design, copywriting, content creation

PROJECTS

Accountaboard — Shared Accountability Tracker *September 2026*
Web app for accountability partners to track daily goals and deadlines. Built with Supabase and Apify; deployed on Vercel.

- Built a shared goals board with private-by-default deadlines that each partner can choose to share item by item
- Created a custom Apify Actor that extracts event details from a pasted link to set reminders; built for the Apify x She Code Africa BuildHer Hackathon 2026

Personal Portfolio Website *August 2026*
Single-page portfolio showcasing my projects and developer journey. Built with HTML and CSS; live on GitHub Pages.

- Designed a scrolling layout with anchor navigation and a custom black and deep-purple animated theme

EXPERIENCE

Freelance Front-End Developer *August 2026 – Present*
Student Pot (campus food delivery service)

- Building a three-page client website (home, checkout and order tracker) for a campus food delivery service
- Deployed the current version via GitHub Pages; adding dynamic menu rendering with JavaScript

UI/UX Designer (Hackathon Contributor) *2026*
OPay Hackathon

- Contributed UI/UX design to Vendora, a voice-first business assistant for Nigerian petty traders

CERTIFICATIONS & ADDITIONAL INFO

- The Odin Project — self-directed web development curriculum (HTML/CSS foundations, from mid-2025)
- Languages: English, Yoruba. Interests: taekwondo, basketball, drawing. Documents my coding journey as @syrixcodes on TikTok, LinkedIn and GitHub.
